

ZAGA PROFICIENT COURSE

MANCHESTER, UK - 3 DAYS

This intensive 3-day course is drawn from our 25+ years of experience with zygomatic implants in the rehabilitation of the extremely resorbed maxilla according to Zygoma Anatomy Guided Approach (ZAGA).

The course is designed for surgeons who want to see more complex zygomatic implant cases and want to learn about the evidence-based ZAGA method that consists series of techniques, materials and protocols designed to achieve predictable long term results and prevent surgical and prosthetic complications.

The benefits and limitations of different surgical techniques, including intra and extra sinus approaches, will be discussed. Detailed insights into ZAGA philosophy and the ORIS success code will be provided.

3rd-5TH NOVEMBER 2021

ZAGA Proficient Course delegates will have the opportunity to:

Acquire evidence-based knowledge on the use of advanced Zygomatic Implant treatment in different anatomical situations (ZAGA 0- 4)

Develop working knowledge of different surgical techniques, their benefits and limitations including intra and extra-sinus approaches.

Gain an evidence-based understanding of the ZAGA technique and the ORIS Success code for achieving predictable and successful outcomes

Develop hands-on experience in placement and restoration of the new ZAGA-Straumann round and flat Zygomatic Implants developed by Dr Carlos Aparicio

Learn about related prosthetic rehabilitation and immediate loading of quad zygomatic implants

See complex pre-recorded surgeries and practice placing the new ZAGA-Straumann zygomatic implants on 3D models in hands-on sessions

Participate in interactive Zygomatic Implant treatment planning discussions with Drs Carlos Aparicio, Ruben Davo and Cemal Ucer.

Learn how to manage and prevent Zygomatic Implant complications

SPEAKERS

DR. CARLOS APARICIO

Dr. Carlos Aparicio is a well-known global expert in the complex technique of zygomatic implants, which consists of oral rehabilitation in the face of dental loss by means of prostheses fixed to the jawbone.

He is indeed the creator of the ZAGA method and philosophy, an innovative systemic approach in the treatment of patients who present a lack of maxillary bone necessary for the fixation of an implant.

Notably, Dr Rubén Davó is one of the most renowned zygomatic implant experts around the world. In particular, he is an international reference specialist in regard to complex oral implantology. First of all, Dr Davó became a Doctor of Medicine and Surgery from the University of Alicante.

Afterward, he specialized in Oral and Maxillofacial Surgery at the Ramon y Cajal Hospital in Madrid. As a result, throughout the years, Dr Davo developed a deep passion for zygomatic implants. Therefore, he specialized in the rehabilitation of extremely atrophic jaws and dentofacial deformities

DR. RUBÉN DAVÓ

PROF. CEMAL UCER

Cemal Ucer, is a specialist Oral Surgeon and Professor of Dental Implantology at University of Salford and director of Centre for Oral and Maxillofacial Dental Implant Reconstruction and ZAGA Centre at ICE Postgraduate Dental Institute, in Manchester, UK.

Cemal is a Fellow of the Faculty of Dental Trainers at the Royal College of Surgeons of Edinburgh, Fellow of the British Association of Oral Maxillofacial Surgeons, Fellow of the ITI and a member of the Faculty of Examiners for the RCSEd Diploma in Implant Dentistry.

His research and clinical interests include rehabilitation of the severely atrophic jaw with hard and soft tissue reconstructive surgery, sinus grafting and zygomatic implants.

COURSE PROGRAMME

DAY 1

ZAGA PHILOSOPHY AND
ZAGA CONCEPT

THE STRAUMANN ZAGA IMPLANTS

ZAGA THEORY

DAY 2

THE QUAD ZYGOMA

MANAGEMENT OF COMPLICATIONS

DAY 3

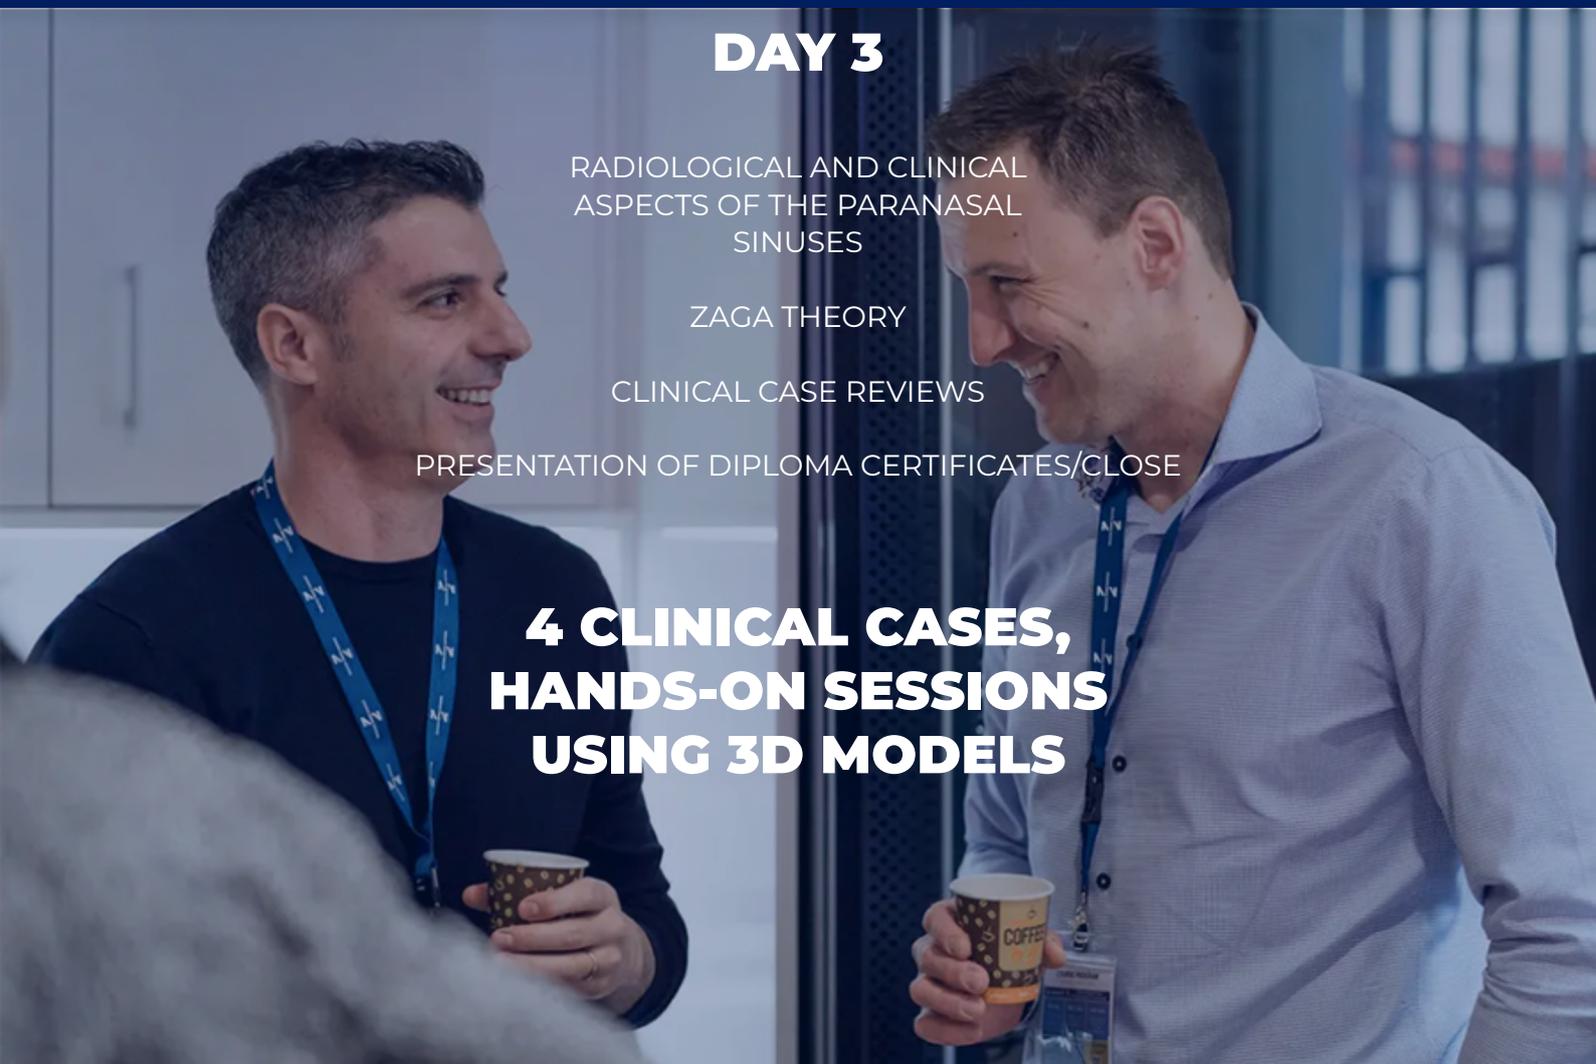

RADIOLOGICAL AND CLINICAL
ASPECTS OF THE PARANASAL
SINUSES

ZAGA THEORY

CLINICAL CASE REVIEWS

PRESENTATION OF DIPLOMA CERTIFICATES/CLOSE

**4 CLINICAL CASES,
HANDS-ON SESSIONS
USING 3D MODELS**

COURSE TICKETS

General Admission	ZAGA Centers Member Admission
£3,300.00	£2,700.00

VENUE
